Top 25 KEGG Enrichment Pathways, human_ductal_down
KEGG Term
Hippo signaling pathway
TGF−beta signaling pathway
Wnt signaling pathway
Adherens junction
Insulin resistance
FoxO signaling pathway
Calcium signaling pathway
Apelin signaling pathway
Renal cell carcinoma
Oocyte meiosis
Axon guidance
Adrenergic signaling in cardiomyocytes
Pancreatic secretion
Long−term depression
Protein digestion and absorption
cGMP−PKG signaling pathway
Steroid biosynthesis
Primary bile acid biosynthesis
Pentose and glucuronate interconversions
KEGG root term
Glycosaminoglycan biosynthesis − keratan sulfate
Glycosaminoglycan biosynthesis − chondroitin sulfate / dermatan sulfate
Fructose and mannose metabolism
Ascorbate and aldarate metabolism
Arginine biosynthesis
