Top 25 KEGG Enrichment Pathways, ferret_ductal_up
Proximal tubule bicarbonate reclamation
Gastric acid secretion
Integrin signaling
Morphine addiction
Bile secretion
Protein digestion and absorption
AMPK signaling pathway
Viral carcinogenesis
Relaxin signaling pathway
PI3K−Akt signaling pathway
Focal adhesion
Apelin signaling pathway
Human papillomavirus infection
Amoebiasis
ABC transporters
Ras signaling pathway
ECM−receptor interaction
Small cell lung cancer
Oxytocin signaling pathway
Arrhythmogenic right ventricular cardiomyopathy
Calcium signaling pathway
Pancreatic secretion
Pathways in cancer
Cornified envelope formation
Cytoskeleton in muscle cells
