Top 25 KEGG Enrichment Pathways, human_ductal_all
Bile secretion
Pancreatic secretion
Axon guidance
Focal adhesion
Integrin signaling
Wnt signaling pathway
IgSF CAM signaling
Proximal tubule bicarbonate reclamation
Gastric acid secretion
Protein digestion and absorption
Small cell lung cancer
PI3K−Akt signaling pathway
Pancreatic cancer
Pathways in cancer
Long−term depression
Ras signaling pathway
cGMP−PKG signaling pathway
Hypertrophic cardiomyopathy
Choline metabolism in cancer
Morphine addiction
AGE−RAGE signaling pathway in diabetic complications
Dilated cardiomyopathy
cAMP signaling pathway
Human papillomavirus infection
Cytoskeleton in muscle cells
